## Business Summary

The Company Overview. We are a public holding company organized under the laws of the State of Florida and engaged in the business of producing and selling certain consumer products, which are manufactured in China by contract manufacturers, through our two wholly owned operating subsidiaries; (a) Capstone Industries, Inc., a Florida corporation organized in 1997 and acquired by us in a cash and stock transaction on September 13, 2006 (“Capstone”) and (b) Black Box Innovations, L.L.C., a Florida limited liability company (“BBIL”) formerly known as “Overseas Building Supply, L.C.” and organized by certain members of CHDT management and the Company on February 20, 2004. In April 2008, we changed the name of Overseas Building Supply, L.C., which had no business operations at that time, to “Black Box Innovations, L.L.C.” as part of our launch of new computer memory products to be marketed and sold by BBIL. BBIL is operated as a division of Capstone and Capstone personnel provide the labor and services necessary to operate BBIL This allows BBIL to utilize Capstone’s existing relationships with retailers as well as reducing operational startup costs by sharing expenses such as labor costs, office space rental and Products Liability and General Insurance. Once BBIL products generate sufficient revenues and sales volume can support operations, BBIL will begin running as an independent subsidiary with its own personnel.

With the exception of historical information, this document may include forward-looking statements that involve a number of risks and uncertainties. Actual results could differ materially from those anticipated as a result of various risks. There are numerous factors that could contribute to such differences, therefore such projected events and anticipated results are not warranties or guaranties that such events will occur or that the Company will achieve such results. For more information about this corporation and risks involved in the investment of their publicly traded shares, please see the company’s website(s), and/or documents filed with the SEC, which are easily accessible in the EDGAR database system.
