## Business Summary

Bio-Solutions Corp. (OTCBB: BISU), markets a new and very effective organic product to counter Malaria; GreenEX™. Malaria is the forefront of priorities for the World Health Organization. GreenEX™ is an organic insecticide available in solid or liquid form which neutralizes and eradicates up to 98% of the larvae, within only 24 hours. Malaria is the most dangerous disease transmissible by mosquitoes that we know of. Each year, over 250 million people are infected and more than one million children under the age of five years die from Malaria.

In addition Bio-Solutions Corp. is a biotechnology company specializing in veterinary care and organic dietary supplements for livestock. Bio-Solutions Corp. prime objective is to improve the yield in the chain of livestock production based on added value natural products. This approach will accelerate the transfer of innovation towards the market and will allow our company to profit more rapidly than other companies in the same field.

After 2 years of Clinical tests with highly renowned Veterinary expert, Chicken Integraters can now take advantage of a safe and natural supplement for their Poultry. Nutra-animal is an innovative milled supplement composed of active ingredients of organic marine source. This product represents a natural alternative used as a growth promoter.

With the exception of historical information, this document may include forward-looking statements that involve a number of risks and uncertainties. Actual results could differ materially from those anticipated as a result of various risks. There are numerous factors that could contribute to such differences, therefore such projected events and anticipated results are not warranties or guaranties that such events will occur or that the Company will achieve such results.
