Business Summary

Power Medical Interventions® (PMI) is leading the development and commercialization of Intelligent Surgical Instruments™ for bariatric, cardiothoracic, colorectal and general surgical applications. PMI's proprietary product platform, SurgASSIST, used in over 45,000 procedures globally, enables less invasive surgical techniques to benefit surgeons, patients, hospitals and healthcare networks, including minimizing medical waste. The Company was founded in 1999 and has corporate headquarters in Langhorne, PA, USA.

With the exception of historical information, this document may include forward-looking statements that involve a number of risks and uncertainties. Actual results could differ materially from those anticipated as a result of various risks. There are numerous factors that could contribute to such differences, therefore such projected events and anticipated results are not warranties or guaranties that such events will occur or that the Company will achieve such results. For more information about this corporation and risks involved in the investment of their publicly traded shares, please see the company's website(s), and/or documents filed with the SEC, which are easily accessible in the EDGAR database system.
