## Business Summary

**VioSolar Inc.** is an alternative energy company, with activities in the Solar Energy sector. The Company's business plan includes the construction, management and operation of Solar Parks in Greece and throughout other South and South Eastern European Union countries. VioSolar Inc. intends to take advantage of the numerous incentives in this sector offered by various European countries, following the general policy decided by the European Union and the relevant directives forwarded to all European Union members. Viosolar Inc. intends to also pursue cutting edge technology in the research and development of new, more cost efficient and energy efficient solar panels.

**VioSolar's** vision is aligned with two pressing global needs:

- the reduction of the Greenhouse Gases (GHG) generated by traditional hydrocarbon-based energy sources and
- the reduction of reliance on energy sources which are either about to be exhausted or located in regions rife with political and economic instabilities.

**VioSolar's** mission is to make Renewable (Green) Energy, and specifically Solar Energy, commercially viable. The company concentrates its activities on the production of electricity from Solar Energy.

**VioSolar's** operations involve large-scale investments in Grid-connected Photovoltaic Parks and in innovative Photovoltaic (PV) Technologies in South & South East Europe, with priority to the EU Countries. VioSolar's goal is to become a strong and leading entity in the Solar Energy market.

**VioSolar's** unique financial engineering capacity, as well as strong international affiliations and network, will fulfil the company's goal of becoming one of the fastest growing providers of solar energy.

**VioSolar Inc.**, based in Athens, Greece, is listed on the US OTC Stock Exchange (**VIOSF.OB**) and the Frankfurt Stock Exchange (**SDE.F**).
